

### **Military Road/Missouri Avenue Transportation Study**

This is the N. Capitol Street/Missouri Ave./Riggs Road intersection. This is one of the most congested intersections in upper northwest DC during peak am and pm weekdays.

The Study will analyze this intersection and attempt to discover ways to minimize congestion here. This intersection is approximately half a block from the eastern border of the Study area.

This is the N. Capitol/Missouri Ave/Riggs Rd intersection. This is the eastern most major intersection in the Study area. Missouri and New Hampshire is approx. half a block to the west and Blair Rd., NE is approx. half a block to the east.
